

# HLP New Product Information Sheet.

## **Model: S270 - SMS Alarm**

This is a 3G compatible small sized SMS alarm unit. It has 2 Contact inputs and 2 x Analog inputs. Up to 8 phones can be sent an SMS when any of the inputs are activated. Alarm levels can be set for the Analog inputs (or they can be used as another 2 contact inputs).

Inbuilt rechargeable battery provides power fail protection and the package comes with a mains power pack. The unit will also power up from 9 to 36 Vdc supply for mobile applications.

Includes an aerial, usb cable, CD, and setup software, the package is complete.

We also include a LOW cost sim card that provides \$0.15C SMS with no monthly charge.

This unit also can use the GSM network to log the alarms to a cloud server for history if needed.

## **Specifications:**

- + Metal enclosure for mounting
- + Includes all parts required
  - 12 Bit accuracy on the analog inputs
  - Has 2 relay out puts for control
  - Easy to program and setup
  - Small package size
  - Hi gain antennas available as an option
- + Plug in connectors for ease of use
